

Opening remarks of the report

In 2025, Panasonic Connect collected responses from 170 of 188 suppliers that we asked to conduct CMRT surveys and 176 of 197 suppliers that we asked to conduct EMRT surveys. Based on the data collected from the survey forms, we conducted a risk analysis and assessment and requested further investigations from suppliers, according to the risk that we identified.

In 2025, roughly 65% of the designated refiners and smelters had Conformant/Active Smelter status (refiners and smelters that have either passed RMI audit or is currently undergoing one). We are also working on industry efforts that will push the remaining 35% of those refiners and smelters toward participation in the Responsible Minerals Assurance Process (RMAP).
